Scoping Package

The following individuals and organizations received a notification letter or email that the Stony Project Scoping Report was available on the Superior National Forest website. They were on a mailing list that was generated by the Forest Supervisor's Office and had indicated they wanted to receive information about vegetation management projects in the Tofte Ranger Districts or Forest-wide. The following list also includes area landowners who were identified by a search of property owners within the Stony Project Area in the Lake and Cook County landowner databases. The email notification letter was also sent to approximately 100 individuals who expressed interest in the Stony Project through the project page on the Superior National Forest website.

4.2 References and Literature Cited

Note: The Superior Forest Plan is cited simply as “FP” instead of using standard convention (USDA Forest Service 2004) because it is so commonly referenced throughout the document. Similarly, the Record of Decision and Final Environmental Impact Statement for the Forest Plan Revision is cited as “Forest Plan ROD” and “Forest Plan FEIS” respectively. Documents that support the Forest Plan FEIS, such as the biological evaluation, are cited conventionally. The Forest Plan and Forest Plan FEIS and ROD are on the Superior National Forest website: www.fs.fed.us/r9/forests/superior.
